ACTION OFFICER [REDACTED]

SUMMARY: Letter from Chairman Schroeder (Subcommittee of Civil Service, Comm. on Post Office and Civil Service) asking whether CIA has utilized "the authorities under the Reform Act, Section 301. Exec. Secretary's office gave action to D/OEXA and info copy to O/P. Before any action taken here, O/P [REDACTED] called to advise that we should attempt to respond by phone call rather than letter, in order to fully explain why CIA cannot, rather than "does not" utilize volunteer students. In effect CIA is exempt from the provisions of this Reform Act.

ACTION ITEMS:

I called twice in an attempt to discuss with Mr. Feinstein, but he was out and a Ms. Bert Ranlow advised she would take information. I explained to her first that CIA was exempt from the provisions of Sec. 103, CSR Act; secondly, that it would be extremely difficult for us given the fact of a background investigation and the length of time it takes -- it would not be worthwhile for the short time the volunteer would be available. She said she understood our situation and said to not bother about the letter.
